Before we begin

Dear student,

we will use many different applications and almost all of them require some sort of registration, so I would like you to register:

- Microsoft account; register you existing email (you can create new as well) as Microsoft account at https://account.microsoft.com/about. This will enable you to use many free application (Azure market place, Azure machine learning, Onedrive).

- Test, if you can login to Microsoft Azure machine learning (https://studio.azureml.net/) and Onedrive live (https://onedrive.live.com/).

- Register at http://aylien.com/ to use Aylien API (free plan) for text mining.

- Create Twitter account;

I would also like you to complete the following survey (only 3 questions) https://www.1ka.si/a/132794.

See you soon,

dr. Uros Godnov
